The State AARP office is aware that a lot of AARP members are commenting on AARP's position regarding health care. Obviously, we do not discuss this item in our classes (that is not our job!). But if anyone in a class comments and wants to know who to call to get more information, or even to complain, they can have a copy of the attachment put out by the Tennessee State AARP office in Nashville. It includes a phone number and an e-mail address (and they will receive a reply). Also, anyone can call the State Director, Rebecca Kelly, at 615-726-5100.

AARP DRIVER SAFETY PROGRAM courses are presented to improve the safety of the mature driver (50 and older). Tennessee law provides a discount on auto insurance costs for graduates of the 8-hour course who are 55 and older if they have had a good driving record for three years. No driving; no written test to pass; only participation in classroom discussion. The course costs \$12 or \$14, which is payable to AARP DSP for course materials. Instructors are volunteers. Call for information and enrollment form.
